Nceda SA is a South African organization comprising experienced OHSE professionals with decades of combined expertise in OHSE management. The purpose of establishing this organization is to facilitate knowledge transfer from seasoned professionals to the next generation of HSE practitioners, foster mutual growth, and empower our members with the tools and knowledge they need to excel in the field.

BENEFITS OF BEING A MEMBER OF NCEDA SA:

1. As a board member of the SACPCMP in the capacity of VA, we are uniquely positioned to assist our members with any delays or challenges they may encounter during the registration process. We offer free guidance to all our members regarding the requirements set by the council. However, please note that we do not write reports on behalf of anyone; our role is strictly advisory. We act as a liaison to bridge any gaps between the council and our members, ensuring a smoother registration experience.

Upon becoming a member, you will be added to our SACPCMP Support Group on WhatsApp, where we provide ongoing assistance throughout the registration process.

2. Nceda SA is active on social media platforms, with WhatsApp serving as our primary communication channel. Our main group, the Registered Members Group, is where we engage in discussions on all things related to HSE. This includes updates on regulatory changes, recommendations for courses that enhance employment opportunities for OHSE professionals, and addressing critical incidents to share lessons and experiences.

We also offer support in document creation, including risk assessments, safe work procedures, and other essential documents that may be required by clients or organizations. Additionally, we maintain a comprehensive library of resources that is accessible to our members through our WhatsApp groups.

3. We also have a dedicated Jobs Group on WhatsApp, where we share job opportunities relevant to our members. In addition, we help prepare our members for interviews by sharing useful resources, including common interview questions and preparation videos. This support is designed to help alleviate the nerves that often come with job interviews and ensure our members are well-prepared to succeed.

4. Our NEBOSH IGC and NEBOSH International Diploma study groups are specifically designed to support our members through their NEBOSH journey. These courses can be challenging for many, so we've created dedicated study groups where Nceda SA senior members, who are already NEBOSH certified, volunteer their time to guide and assist our members. Through this collaborative support, we aim to help our members successfully navigate the course and achieve international recognition.

5. Nceda SA is in the process of developing an online learning platform for both our members and non-members. Our courses are already QCTO-approved and will soon be available on our website once the platform is fully operational. This initiative will eliminate the need for our members to search for courses to earn CPD points, offering a streamlined solution in one central location. Please note that our website is still under construction and will be launching shortly.

6. To become a member of Nceda SA, simply complete our membership form and pay the annual membership fee. The fee is R250 for individual membership, or R350 for corporate membership. As a corporate member, you will have the added benefit of advertising your business on our active platform every Monday. Additionally, you will be recognized as a preferred service provider within our community, as we encourage our members to support businesses owned by fellow members.

Once you have completed the membership form, please submit it along with your proof of payment and a copy of your ID (or passport, if you are a non-South African) via email to membership@ncedasa.co.za and kabelo@ncedasa.co.za.

Please note that our membership year runs from March to February.

For any further inquiries, feel free to contact us via the above emails or WhatsApp Kabelo at 081 350 3138.

MEMBERSHIP FORM

SACPCMP Registration number (If applicable)

Please attach copy of ID/Passport (Membership certificate will not be issued without a copy of ID/Passport)

Date :
